A Note from Debbie

Welcome to 2019! To give you some encouragement, December 21st was the first day of winter and the shortest day and longest night of 2018. Since we are in to the new year, we are past that day, and it is a changing of the seasons, and we can now begin to experience the changing length of daylight hours. The month of January (in Latin, Ianuarius) means 'door' since January is the door to the year and an opening to new beginnings. It seems to many, January is a long grudgingly month to endure because of the cold and blustery weather. However, January can be quite the opposite: what about an early morning frost that covers everything in sight as if you were in the middle of an enchanted forest, or the soft falling snow that brings an indescribable peace to your surroundings, or a bright sunny day when the sun and temperatures begin to melt off the ice and snow and half the shoppers in Walmart are wearing shorts and sandals? For those of you who made new year resolutions, I pray you achieve those lifestyle changes your heart desires. But mostly, enjoy your January 2019, no matter what your perspective is. We here at Timber Creek Village look forward to what 2019 brings us this month; it will be a month of new beginnings!

Tell us about yourself: I am 22 years old, and I was born in Carlinville, Illinois, where I lived until I was 10 years old. My family then moved to Southern Indiana, and we all came back to Illinois as adults, and I brought my wonderful fiancé, Nate, with me. I love my puppy dog! She is a black lab mixed with pit bull. She is two and full of energy and is pictured with me in the photograph.
